PROCESS DOCUMENTS 500X FASTER WITH AI

INTELLIGENT DATA EXTRACTION
AUTOMATION FOR ALL DOCUMENT TYPES

WWW.BASE64.AI

Base64.ai

Base64.ai is an artificial intelligence solution that automates document processes.
In seconds, Base64.ai identifies the document type, extracts information using OCR
and machine learning verifies the results and integrates the data into third-party systems.

Our AI understands over thousands of document types including worldwide IDs, passports, invoices,
checks, and forms for banking, insurance, logistics, travel, gig economy, and RPA companies.

HOW IS BASE64.AI DIFFERENT?

1 AI

One solution for all documents,
including IDs, passports, invoices,
checks, forms, and more.

INTEGRATED

400+ no-code integrations
to third-party systems for
under 1 hour of integration time.

EXTENSIBLE

Add new document types,
integrations, and business rules.
Command the AI for your needs.

FAST

For most document types,
OCR, data extraction, and integration
take under 3 seconds.

SECURE

Certified for ISO, HIPAA, SOC 2 Type 1&2,
and GDPR, Base64.ai works in the cloud
and on-premises datacenters.

ACCURATE

99% extraction accuracy for most
document types. Base64.ai
improves with every document.

PII REDACTION

Detect and remove sensitive
information such as names, dates,
and document numbers.

AVAILABLE EVERYWHERE

Use Base64.ai via API, RPA systems,
scanners, web, mobile apps, and
others in our partner network.

HUMAN IN THE LOOP

Our Document Reviewer Team
instantly verifies your results 24/7
for 100% data extraction accuracy.
